

FILL VACANCIES IN THE SENATE

John W. Stewart Appointed to Succeed Senator Proctor of Vermont.

MARYLAND ELECTS SMITH

REPUBLICANS REFUSED TO PARTICIPATE IN LATTER EVENT.

Proctor, Vt., March 24.—John W. Stewart of Middlebury, former governor of Vermont, was appointed to the United States senate by Governor Fletcher D. Proctor today to fill the vacancy caused by the recent death of Senator Redfield Proctor.

Mr. Stewart has accepted. His term will expire this coming fall, when the legislature meets in regular session.

Visiting in Colorado.

Colorado Springs, Colo., March 24.—J. W. Stewart, who has just been appointed senator from Vermont by Governor Fletcher Proctor, is the father of Philip B. Stewart of Colorado Springs, and is at present visiting his son at the latter's residence. The news of his appointment to the United States senate was first brought to him by an Associated Press representative shortly after 2 o'clock today, while the senator was at lunch.

"This is news to me," said he. "I received some slight intimation that I might receive the appointment in a letter from a friend, which reached me this morning, but beyond that I knew nothing. I have not been in any sense a candidate, and this unsolicited appointment at the hands of the son of the man whose term I am to fill out is exceedingly gratifying to me."

The new senator from Vermont is a splendid type of the sturdy old New England stock. Past the allotted three score years and ten, yet the twinkle in his eye gives the lie to his gray hair and proclaims him "seventy years young." Mr. Stewart was governor of Vermont from 1870 to 1872, later entering the forty-eighth congress and serving for eight years, declining a renomination.

SMITH IN MARYLAND.

Annapolis, Md., March 24.—In separate sessions today the Democratic members of the two houses of the legislature voted unanimously for former Governor John Walter Smith for United States senator to fill out the unexpired term of the late William Pinkney Whyte. Ex-Governor Smith already has been chosen for the full six-year term beginning March 4, 1909. The Republican members decided at a caucus not to participate in the election, taking the ground that any other course would be in violation of the federal statutes.

It is understood that the legality of the election will be questioned. It is said that should the United States senate refuse to recognize the regularity of the election Governor Crothers will appoint Mr. Smith, and should this appointment fail of recognition the position will be left vacant.

ANDREW SOUTHWORTH, MAN OF MANY TITLES, SUES TRACTION COMPANY

That official titles do not always insure the holder thereof against accident is made manifest in the fate that overtook Andrew Southworth.

Andrew Southworth has been credited with holding more titles than anyone who is any wise modest. Mr. Southworth, first of all, was an employee of the Salt Lake & Utah Valley Railway company. They say he was the general manager, the general superintendent, the chief dispatcher and the dispatcher, the foreman of the shops and the superintendent of motive power, the director of traffic, and others things to numerous to take account of. Not the least important offices which Mr. Southworth held, however, were those of motorman and conductor.

In order properly to understand the official capacities of Mr. Southworth it should be known that the Salt Lake & Utah Valley Railway company is the proud possessor of a franchise on First West street to Ninth South and thence westward. The purpose of the Salt Lake & Utah Valley Railway company is to serve patrons who live along the line to the New England addition and a further purpose is to hold its franchise by the operation of the "system."

The company, in the application of its rules of modern economical methods, employed Mr. Southworth to be a lot of officers and things, as well as motorman and conductor of the single car which, is sent back and forth over the line each date with more or less hesitancy of speed and more or less imminence of running into tippy-turvy land should the mood so to do come upon it. Now, Mr. Southworth was "on the job" until March 8, when, according to a complaint filed in the district court yesterday, his car took it into its head to make an incursion into a pile of dirt at Ninth South and Second West streets, the diversion of the car being due to the uneven condition of the track upon which it was presumed to run.

When the car struck the dirt pile the impact was so great that it caused a violent whirling of a brake lever, in the path of whose revolutions Mr. Southworth unfortunately happened to be. The brake handle struck Mr. Southworth in the abdomen, it is the allegation, causing a permanent injury.

As solace for his hurts Mr. Southworth asks damages in the sum of \$10,575. At the time when he obstructed the whirling motion of the brake handle Mr. Southworth was being paid \$9 a month as compensation for the performances of his multitudinous duties.

RECORD TARGET PRACTICE

Another Ten Days and the Fleet Will Get Ready for the Northward Voyage.

San Diego, Cal., March 24.—Wireless reports from Magdalena bay tell of rapid progress being made by the sixteen battleships of Admiral Evans' command toward the completion of their record target practice. All of the firing so far has been at a range of 1,600 yards, or just short of one mile. The firing also has been confined to stationary targets, and it is now believed that there will be a change either of range or character of targets during the remainder of the practice. At first it was thought that the Magdalena bay work of the fleet would include a variety of ranges extending even up to 9,000 yards, the maximum for battle practice, with the primary twelve and thirteen-inch turret guns, and moving targets attached to the end of a long tow line, but late advice says the gunnery practice will be strictly limited to record work at 1,600 yards, and at anchored targets, 12x1 feet in size.

The practice has been under way for more than ten days and the firing has been constant, Sundays not being excluded in the rush to finish as early as possible. Another ten days, it is believed, will see the conclusion of the range work and then will follow a period of coaling and cleaning up for the fleet that await the ships along the hospitable shores of California.

According to present plans as announced by Admiral Evans, the fleet will leave Magdalena bay at daylight on the morning of April 12—just one month to a day from the time of arrival within this most favored of Pacific naval bases. The steaming speed will be raised to eleven knots on the run to San Diego to bring the fleet to anchor off Coronado Beach at 2:30 p. m. April 14. The run from Magdalena bay to San Diego is about 620 miles and has been made in forty-seven hours by many of the cruisers. Admiral Evans will allow a fraction over fifty-six hours for the trip, however, as he does not desire to tire out the engineer's force.

RUEF'S BAIL REDUCED.

Former Political Boss Will Now Have to Secure Only \$750,000.

San Francisco, March 24.—The district court of appellate this afternoon ruled upon the application made by Abraham Ruef, the many-times indicted political boss, for his release upon a reasonable amount of bail, alleging that \$1,115,000, the aggregate amount upon all his indictments, was exorbitant. The appellate court ordered Ruef released upon a nominal bail of \$5 upon each of thirty-seven duplicate indictments, but did not reduce the bail upon the other indictments, amounting to \$750,000. Ruef stated this evening that he would furnish bonds for this sum, and expected to secure his release from the county jail within a few days.

BRIRED BY REPUBLICANS

President of Kansas City Post Company Forced to Confess in Horne Murder Trial.

Kansas City, March 24.—The introduction of testimony in the case of General Richard C. Horne, for the killing of H. G. Groves, managing editor of the Kansas City Post, was concluded this afternoon. Tomorrow will be occupied with the arguments of counsel and the case will probably go to the jury late in the afternoon. Six experts for the prosecution today testified that Horne was sane when he shot Groves, and O. D. Woodward, theatrical manager and president of the Post company, who was called by the defense and questioned by L. C. Boyle, of the defendant's counsel, admitted that his paper, which is Democratic in politics, had received \$250 from the Republican party management of Kansas City.

"Did the Post get money from the Republican party in the fall of 1907?" Attorney Boyle asked of Mr. Woodward. "We received \$250 from a man named Thomas Marks for mailing certain papers during the campaign," replied Woodward.

Mr. Marks in 1906 was chairman of the city Republican central committee.

WILL NOT VISIT ENGLAND

Battleship Fleet to Come Home as Fast as Possible After Coming Through Canal.

London, March 24.—Great Britain has not invited the American battleship fleet to visit England as it returns home, or to make any official calls at British ports on its way, as the British admiralty understands that the American government does not desire that the voyage be further delayed. This would be the case if the ships came to England. It is understood also that the United States has expressed the wish that there should be no demonstration in honor of the fleet at the British ports in the Mediterranean. It is possible, however, that the British Atlantic fleet will be at Gibraltar when the American squadron passes through the strait, in which event the usual courtesies will be extended.

STEVENS RESTING EASILY.

San Francisco, March 24.—Durham W. Stevens, the foreign adviser to the Korean government at Seoul, who was shot and seriously wounded by a Korean at the Ferry station in this city yesterday morning, is resting easily at the St. Francis hospital on California street. Reports during the day from the bedside of the wounded diplomat were favorable to his recovery, but he has not yet been pronounced out of danger. His temperature continues normal and his respiration remains good.

KENTUCKY WAR ENDED AT LAST

American Tobacco Company and Society of Equity in Agreement.

FORMER PUTS UP MILLIONS

NO MORE NIGHT RIDING OF VIOLENCE AND NO 1908 CROP.

Lexington, Ky., March 24.—The report of a settlement having been reached between the American Society of Equity and the American Tobacco company was denied at the office of G. A. Brook, secretary of the Equity company, in Winchester this afternoon, the statement being made that there was nothing in the story.

Cincinnati, O., March 24.—An end to the night riding in the Kentucky White-Burley district has been brought about through a formal agreement reached between the American Tobacco company and the executive committee of the Society of Equity in conference at Winchester, Ky., yesterday, according to apparently authoritative statements made here today by members of the American Society of Equity. Word is said to have been received by the executive committee of the Society of Equity on Monday afternoon from the headquarters of the American Tobacco company in New York that the company would buy the 1906 and 1907 crops at 16 and 18 cents per pound, respectively. The two years' crops aggregate about 80,000,000 pounds of leaf now in store. According to the reported terms of the agreement, the company will commence to take over the big purchase immediately.

Night Riders Condemned.

Before adjourning the executive committee adopted resolutions condemning the night riders and disavowing any responsibility for them.

A prominent member of the society, in confirming the agreement to buy, said: "It is all settled. The cruel war is over and we have won. There will be no more night riding or violence, but there will be no 1908 crop of tobacco. The American Tobacco company has agreed to buy all the pooled leaf of the 1906 and 1907 crops, and will pay nearly \$14,000,000 for it. We have prevailed in the just fight, and are now confident that the farmer and renter can raise tobacco and market it and have some money at the end of the season after paying the grocery bill."

DUKE OF DEVONSHIRE DEAD.

Cannes, March 24.—Spencer Compton Cavendish, eighth duke of Devonshire, died here today of heart failure. He was born July 23, 1823.

Short Breath

Palpitation, feeble pulse, indicate weak heart action. You can make it strong with Dr. Miles' Heart Cure. Chronic heart troubles, with attending suffering may also be greatly relieved by its use. It is invaluable in all cases where the heart is involved.

"I was suffering with heart trouble and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not lie on my left side, without suffering. I took Dr. Miles' Heart Cure and Nervine with the result that I am in better health than I ever was before, having gained 14 pounds since I commenced taking it."

Big Special Sale

White Muslin Skirts

"The Paris"

The Greatest Sale

Muslin Underskirts

Ever Heard of

The most sensational sale of muslin underskirts ever advertised. Five hundred dozen white muslin underskirts today and Thursday at Less than One-Half Regular Prices

150 dozen white muslin skirts, lace tucked and embroidery trimmed, worth up to \$1.25, to sell at

59c

300 dozen white muslin underskirts, lace and embroidery trimmed, values up to \$2.00 and \$2.50, to sell at

95c

50 dozen muslin skirts, trimmed with ruffles, lace, insertion and embroidery, worth up to \$4, to sell at

\$1.95

This is without doubt one of the greatest purchases of muslin underskirts that has ever been made by any house in Salt Lake City. It represents the entire surplus stock of one of the largest exclusive muslin skirt makers in the United States. We consider it one of the most sensational purchases that we have ever made—the prices at which the lot is offered to you would not cover the actual cost of material alone, and to say it was a fortunate purchase is putting it mildly. It is absolutely one of the greatest that THE PARIS has ever made and today we take pleasure in passing it up to the public for judgment and by attending the sale this morning we feel satisfied as to your verdict.

SALE BEGINS AT 8:30
